PARTNER WITH THE UK GOVERNMENT

“<br> We have more of the world’s top universities than any other country outside the US. Every year, thanks to our Chevening and Commonwealth Scholarships, their doors are opened to the best and brightest students. I am proud to say today that one in seven of the world’s kings, queens, presidents and prime ministers were educated in this country.”

Prime Minister Boris Johnson  
Africa Investment Summit, 2020

HOW IT WORKS

Chevening partners with a range of organisations, including private corporations, UK universities, charities, trusts and foundations.

Partnerships are agreed through a memorandum of understanding signed with the FCO. Chevening looks after all aspects of partnership administration, from managing the application process to making payments to universities and scholars.

Scholars know that their award has been made possible by their partner, and their scholarship bears the partner’s name. Partners can be involved in the scholar selection process. They can engage with scholars while they are in the UK and after they return home.

“<br> Chevening Partners help make the impact of Chevening even greater. By investing in the aspirations of talented individuals, partners enrich their corporate social responsibility strategies through a programme with proven success. I want to thank our partners, on behalf of the British Government, for your commitment to the Chevening programme.”

Nigel Adams MP  
Minister of State at the FCO
MAKING A DIFFERENCE

I’m very passionate about helping to fight diseases and viruses such as malaria, tuberculosis, and HIV/AIDS. But without willing supporters, it can be difficult for talented people to undertake a programme of study.
